# INSTALL

SANDS

#### $DRIBOND^{*}$

DriBond is a revolutionary product specially designed for the overlay of thin pavers (1" or 30mm) on existing concrete. It allows for quick, easy installs over most sound concrete surfaces.

High-performance jointing materials remain flexible to withstand seasonal weather impact, with lasting durability to prevent weed and insect invasion. Sand is available in a variety of colors to suit your style; contact your local Belgard® Representative for your regional offerings.

# CLEAN

#### **CLEANERS**

Superior solutions for any cleaning challenge, from light cleaning to deep oil, rust, or grime removal.

# PROTECT

#### **SEALERS**

Enhance the look of your outdoor space with the perfect finish, while protecting your hardscape from weathering and staining.

#### PREVENTATIVE MAINTFNANCF

Untreated concrete pavers are porous and can absorb stains if not properly maintained. To keep your space looking its best, address surface grime and stubborn spots with Techniseal specialized cleaners to help prevent long-term damage to your pavers. Select a high-quality Techniseal sealer in your preferred finish to enhance your hardscape's overall look and help prevent stains. Whether installing a new hardscape or restoring an existing space, Techniseal offers solutions to maximize the life of concrete pavers.
